

Ready Resources

WE SELL & SERVICE PRESSURE WASHERS

Mi-T-M and RAMTEQ Pressure Washer Units

We custom build pressure washer rigs using the latest most up to date technology available.

Our rigs can be outfitted with **Ramteq**, **Mi-T-M** or other pressure washer units.

All accessories such as wands and hoses are available including soaps and other chemicals used with pressure washing.

We service most all makes or models of pressure washers in our shop or will travel to your location for service on-site!

ENVIRONMENTAL CLEANING SUPPLIES

Ready Bubble Bugs

Liquid Cleaner With Hydrocarbon Digesting Microbes

5 Gallon Pail

1 Gallon Jug

Ready Bubble Bugs is a registered **E.P.A.** certified cleaner loaded with hydrocarbon digesting enzyme producing microbes.

Perfect for use in mop water.

Use on any oily or greasy surface and wash off for excellent results.

The bacteria contained in **Ready Bubble Bugs** are active in consuming and mineralizing almost any hydrocarbon waste. And because they are resistant to extreme conditions, they may be effectively applied in circumstances that could normally kill naturally occurring bacteria.

Ready Bubble Bugs is available in 1 Gallon, 5 Gallon and 55 Gallon quantities.

We also have Ready Remediator Hydrocarbon Digesting Microbes without the surfactant cleaner.

**** Automatically apply bio bugs, bubble bugs, degreasers, soaps and other chemicals! ****

Saves time and ensures that application of chemicals will occur at the proper times.

Call for more information on this product. We also can provide installation services as well.
